Unleash The Power of Kagan Cooperative Learning

Discover Kagan Cooperative Learning. Discover an approach to teaching and learning that focuses on one core concept: **Full Student Engagement**. Kagan empowers teachers to create full student engagement using Kagan's research-based and classroom proven cooperative instructional strategies. Instead of engaging one student at a time, Kagan's Everyone Answers! structures create an unparalleled level of engagement for every student, every day. This high-leverage approach addresses eight pressing challenges district leaders face today. Discover how Kagan helps districts: 1) reduce teacher burnout and shortages; 2) increase achievement, reduce learning and achievement gaps; 3) drastically cut disruptive behaviors and referrals; 4) enhance engagement, reduce distractions, and student boredom; 5) reduce chronic absenteeism; 6) decrease assessment workload while increasing authentic assessment; 7) improve student well-being; 8) meet the needs of all learners. Discover what Kagan really is, how it addresses education's pressing concerns, and how Kagan works with districts. This Discover Kagan session is an opportunity for your leadership team to come to consensus, deciding if Kagan is right for your district.
